Join Now! O2WA / NOWRA 2023 Membership

In September of 1994, the Oregon Onsite Wastewater Association was incorporated to give a voice to members of all disciplines and trades, to encourage the free exchange of ideas, to upgrade skills through education and training, and to promote the development of new and improved practices, policies, and uniform standards. NOWRA is the largest organization in the U.S. dedicated to representing the onsite and decentralized wastewater industry. We work to protect water resources and promote the economic, environmental, and public health benefits of septic systems. Your participation is important.

Members Discounts on Fees for Training and Conference The Oregon DEQ requires continuing education credits for maintenance of your certifications. The O2WA is facilitating a number of timely and highly pertinent training programs throughout the state. O2WA members receive a discount at the Conference & Training Classes. NOWRA On-demand classes at a discount.

Promoting Members on the Website More accessible presence on the internet.

State Advocacy There are several legislative issues that have great importance to the Onsite Program. These legislative actions will directly affect O2WA members and our businesses. It is the goal of the board to keep the O2WA members informed. The board would like to help you with positive actions that keep your local legislators aware of our needs as an industry and promote onsite support in your community.

Industry News National and State new and important information delivered to our members. There are several facets of our industry that are covered in the Quarterly News.

Additional Membership Benefits New benefits are being evaluated and appropriate offerings will be added in the coming months – www.nowra.org / www.o2wa.org

Scholarship Program Each year the O2WA Members and their family may apply for a scholarship. Applications can be found at www.o2wa.org.
