

Wastewater Treatment Fundamentals I: Liquid Treatment

Online Course Access

Access to Audit Account for State Reviewers:

1. Navigate to: <https://learn.wef.org/login/index.php?nosso=1>
(This is specifically a non-SSO link; audit accounts are not connected to SSO)
2. Login with credentials: username **audit2**; password **Water123\$**
3. User should automatically be directed to dashboard page; both WWTF1 and WWTF2 are available through this account.

Please note: The access code is made available to state licensing boards for the sole purpose of reviewing material for continuing education credit approval. This information cannot be shared for any other reason.

**The enrollment code provided is only valid for single user access. If you require an additional code please contact CE@WEF.ORG.*
