

Chris Oates

Training & Inventory Manager - Echologics

Biography

Chris started at Echologic's as a technical specialist in 2004 and worked on hardware development, leak detection training and support for customers, leak detection studies, and condition assessment projects. Chris has over 14 years working with water facilities throughout North America, Asia and Europe. Now as a dedicated Instructor he mentors and instructs in-house technicians and various utilities throughout North America and Europe. Chris also utilizes his experience in the field with valve/hydrant assessment and Transmission Main leak detection on complex projects.

Chris has also Project Managed contracts within North America including:

CDM Smith, Minneapolis (Transmission Main Leak Detection), 2017

Flint Michigan (Leak Detection), 2015

Bellevue, Washington (Water Main Condition Assessment), 2015-Present

Honolulu, Hawaii (Transmission Main Leak Detection, 2015)

Mission, British Columbia (Condition Assessment and Leak Detection Training), 2013

PRASA, Puerto Rico (Transmission Main Leak Detection), 2013

New Orleans (Leak Detection), 2013

Las Vegas, Nevada (Condition Assessment/Leak Detection), 2006-Present
