

## Northwest Oregon Subsection Monthly Meeting

### Course Agenda

Proposed date: April 18, 2024, from 1130 to 2:00pm

---

#### **Topic:**

Tigard's newest reservoir! Reservoir 18!

#### **Speaker:**

Shasta Billings-Beck, City of Tigard, Senior Project Engineer

#### **Agenda:**

Shasta Billings-Beck will provide an overview of the construction project (Reservoir 18) for 30 minutes. Topics to be discussed are Tigard's first PDB project and review lessons learned. Building a reservoir during an economic shock and inflation crisis was no small feat. We'll travel to the site and tour the new 4.5 MG reservoir and pump station which are both under construction (30 minute tour).

After the tour is complete, a 10–20-minute Q/A session will be held. Engineering firms that assisted in the PDB will be on-site to help answer questions.

Presentation course timeline: 12:00 to 2pm on April 18, 2024

12:00/12:30: Shasta speaks about project at PW or travel to project (carpool)

12:50/1:30: Site Visit at Reservoir 18

1:30/2pm: Q / A with PDB team

2pm: Tour ends
