

Meeting Agenda

Phase 3 Screw Press Manufacturer Training Workshop

Date: December 20, 2023 **Project:** Spring Street STP Phase 3
Time: 12:30 P.M. - 3:30 P.M.
Location: Spring Street STP, Klamath Falls OR

1.1 Objective

The intent of this training is to provide operations and maintenance plant personnel with the general knowledge to operate and maintain the equipment as well as ancillary equipment associated with the press (polymer unit and cake conveyor). Personnel will understand the functional and technical operation of the equipment, be able to troubleshoot, maintain and repair the equipment and adhere to recommended safety procedures.
