

Alexander Salazar Jr, CISSP

Alexander Salazar Jr (Alex) currently serves as a Cybersecurity Advisor for the Cybersecurity and Infrastructure Security Agency (CISA) in King County and Seattle (Region 10). He has over 10 years of federal service and over 5 years of cybersecurity experience. His position involves engaging stakeholders in the PNW to discuss cybersecurity approaches and solutions as well as liaison information during incidents. Alex also serves as a Military Intelligence Officer in the Washington Army National Guard and engages with local Veterans through the Ballard VFW Post. Before working for CISA, Alex worked for the University of Washington's Information Security Office as a cyber intelligence analyst. Alex currently holds a board position as the Membership Director for Washington State's Evergreen InfraGard Chapter. Alex has attained a Bachelor of Applied Science Degree in Information Technology and Administrative Management from Central Washington University and a Master of Science Degree in Information Systems from the University of Washington.
