Course Description Sheet

COURSE TITLE
Advanced HAZWOPER Awareness (MOD #2)

COURSE DURATION
2 Hours

OVERVIEW
Employers are required to develop and implement Hazardous Waste Operations (HAZWOPER) training to inform workers (including contractors and subcontractors) performing hazardous waste operations to the level and degree of exposure they are likely to encounter. Training must be conducted initially and annually thereafter.

PREREQUISITES
No prior knowledge is required.

BEHAVIORAL OBJECTIVES
After successfully completing this course, you will be able to:

- Describe the different forms of hazard communication
- Identify the different parts of a label required by OSHA's Hazard Communication Standard, the DOT, NFPA 704, HMIS, and other systems of labeling hazardous chemicals
- Recall the format of a Safety Data Sheet (SDS) and what information it provides
- Explain the purpose of the North American Emergency Response Guidebook (ERG)

COURSE OUTLINE
- Introduction – 2 minutes
- Hazard Identification Methods – 8 minutes
- Hazard Communication – 20 minutes
- DOT Placards and Labels – 35 minutes
- NFPA 704 – 10 minutes
- Hazardous Materials Information System – 8 minutes
- Safety Data Sheets – 14 minutes
- North American Emergency Response Guidebook – 14 minutes
- Other Hazard Identification Systems – 8 minutes
- Conclusion – 1 minute

AVAILABILITY
This course is offered online and is available 24 hours a day, 7 days a week, 365 days a year.

TRAINING METHODOLOGY & EVALUATION

This course is self-paced online training. Review exercises reinforce the content, and students are evaluated with a multiple-choice exam. Upon completion, students are prompted to submit a course evaluation.
