

"pH, Alkalinity, Hardness, Chlorine, Turbidity, Solids Test Procedures" Workshop

4/30/2024

TBD

Agenda

Instructor: Lori Zboralski

Time	Material Covered
8 AM	Welcome & Intro to Workshop
	pH - test procedure & QC
	Alkalinity - test procedure, QC, calculation
10:00 – 10:15	Break
	Hardness - test procedure, QC, calculation
	Chlorine - meter calibration & QC
	Turbidity – meter calibration & QC
12:00 – 12:30	Lunch
	Total Suspended Solids / Total Volatile Suspended Solids - test procedure, QC, calculation
	Total Solids / Total Volatile Solids - test procedure, QC, calculation
2:00 – 2:15	Break
	Total Dissolve Solids - test procedure, QC, calculation
	Settleable Solids - test procedure, QC, calculation
	QC Charting
	Documentation
4 PM	Adjourn
