

PNWS-AWWA Water 2025

Boise, Idaho • May 7-9

Attendee: <First Name> <Last Name>

Thank you for attending the 2025 PNWS-AWWA Annual Conference held in Boise, Idaho. Your commitment to the water works industry was evidenced by your attendance at the workshops and sessions as listed below.

Below is the electronic record that was gathered by scanning your bar-coded name badge when you entered and left each of the sessions. While every effort was made for accurate accounting of the attendance, if you should find an error, please contact Kyle Kihs at kkihs@pnws-awwa.org.

For your information, the maximum Continuing Education Units (CEUs) that you could have obtained for the entire conference was 2.0 drinking water in Oregon and Washington, including pre-conference seminars. For those who track Professional Development Hours (PDHs), 1 CEU = 10 hours instruction. If a listed course shows none, then it was not eligible for CEUs, but may still be eligible for PDHs. We recommend you keep this letter for your files.

Thank you again for attending the 2025 PNWS-AWWA Conference, and we look forward to seeing you next year.

Date/Time	Session Title	OR Water CEUs Earned	WA Water CEUs Earned
