SPEAKER Name: Michael Edwards

Employer: City of Bend

Address: 62975 Boyd Acres Road
City/State/Zip: Bend, OR 97701

Phone: 541-317-3050

Email: medwards@bendoregon.gov

SPEAKER CREDENTIALS:

Mike Edwards began his career with the City of Bend Public Works Department in August of 1990. He started his career working in the Street Division where he gained experience in various road and street improvement and maintenance techniques. Within a year and a half he was promoted to be the City of Bend's Water and Sewer Locator. As it turned out this career change would be the beginning of his transition into the world of water and wastewater utilities. In December of 1994 Mike Was encouraged to apply for an Engineering Inspector position, which he dedicated the next 18 ½ years of his career to further perfecting his depth of knowledge in utilities as a whole. While working as an Inspector he would often find himself working shoulder to shoulder with the Utilities Operators on water main breaks, setting up Pressure Reducing Valves, Installation and testing of new water wells, Installation and testing of sewer lift stations and wet wells and much more. In May of 2011 Mike left the City of Bend to take a position as the Public Works Director for the City of Gold Hill in Southern Oregon. Although his time was short in this position he accomplished a great deal. Mike was responsible for having new wastewater comminutors* installed in the wastewater treatment plant, preparing an independent water and sewer rate survey, reducing the city's I&I issues by up to 25,000 thousand gallons of water per month during the rainy season, making countless repairs and upgrades to the city's water and wastewater lines, and developing and reporting on the city's TMDL requirements for storm water runoff, and much more. In February of 2012 Mike and the City of Gold Hill parted ways which enabled Mike to acquire a Utility Analyst position with the City of Bend. He is now working as Bend's Utility Customer Service Supervisor. This position has allowed Mike to create a new approach to Customer Service based on the "Six Standard Categories of Customer Service"

Gain Efficiency through AMI

Before Pat joined H.D. Fowler he spent the previous 8 years as the AMI Specialist with Ferguson as a Sensus Distributor. His customers can be found all over Oregon and Northern California. Pat spent twenty years in the media industry, which included owning and operating a northwest video production company. Work included documentaries for OPB, broadcast TV, and digital marketing solutions. After years of providing these marketing solutions for his customer base, Pat embarked on a new journey, to provide MAG customers with accurate and efficient AMR/AMI solutions. With entry points available at nearly every budget level, Pat enjoys each day, working with his customers to create solutions that often times didn't seem possible. Married for the past 20 years, Pat enjoys coaching and cheering on the Ducks and 49ers. If you would like to reach Pat, his contact information is below.
