

# Luke Van Noecker

**Luke Van Noecker** is a Technical Sales Representative with Orenco Systems, a company based in Sutherlin, Oregon, that engineers and manufactures innovative infrastructure solutions. In this role, he handles residential sales and technical support for the southwestern and part of the central United States.

Luke has studied electronics, telecommunications, and computer repair. He has 20 years of customer service experience, including 10 years in technical fields. When he's not on the job, he serves as a volunteer mentor for youth with autism, teaching them social, problem-solving, and leadership skills. He also loves cooking, baking, and building computers.
