

Greetings, OESAC Board!

Clackamas Community College is hosting the Oregon Water Education Foundation's (ORWEF) Water Environment School (WES) 2025.

A comprehensive learning and networking opportunity for wastewater and water quality professionals. Subject-matter experts within the field will join us to facilitate occupational development for those in both the municipal and industrial sectors.

These are the main details:

Dates: Tuesday, June 24th, 2025 through Thursday, June 26th, 2025.

6/24/2025-6/26/2025 8:00-4:30 pm

Virtual Dates: Tuesday, June 24th, 2025

Hybrid Dates: Wednesday, June 25th, 2025 and Thursday, June 26th, 2025

In-Person: On the last two days, we are holding in-person days where you can take our sessions virtually **or** in person. You must choose your modality Before the day of your registration ticket reservation.

Keeping Track of Attendance:

Through the virtual routes, our team will create a report time tracked by Zoom to authenticate that students are dedicating actual hours of learning and service with us daily.

Through the in-person option, in-person students receive a tracking sheet while they attend sessions. Room moderators will stamp tracking sheets after each session, and at the end of the one day, students must turn in their stamped paper to our registration desk to receive their full credit/certificate.

Anyone who does not acquire the accurate number of hours in attendance to obtain the CEU options will not be granted a certificate of completion.

The CEU options are (.1 per hour of attendance):
Certificate Design
One Day (.7 CEUs)
Two Day (1.4 CEUs)
Three Day (2.1 CEUs)

On the last day of the event, June 26th, certificates will be sent out (via e-mail).

Moderation:

Virtually, each of our three tracks will have two moderators to assist with speaker technical assistance and monitor full course attendance.

Moderators will gently remind participants about adding their legal/license name on their profiles, attending with the video on, and muting their microphones to not cause any disturbances within the sessions.

The Schedule:

I've attached a Planner that our team is building to create a quality schedule for our participants.

TRACK A: Collection Systems: Operations & Maintenance, Safety, Asset Management

TRACK B: Wastewater Operations: Basics & Beyond, Safety, Asset Management/ Technology/ Activated Sludge

TRACK C: Source Control/Pollution Prevention: Industrial Pretreatment, Stormwater, Reuse & Biosolids

There is a 30-minute lunch on the virtual day and an hour lunch on the in-person days. A catered Lunch will be provided only in the in-person modality, on the last two days.

Each track/day has 7 sessions and we have all of our session offerings booked. Please let me know if you need any further assistance with the schedule.

APPLICATION DETAILS:

Sponsor ID: 13

Biz Name: Clackamas Community College

Sponsor Email: amber.steele@clackamas.edu

Sponsor Name: Amber Steele

Sponsor Address: 19600 S Molalla Ave Oregon City OR 97045
