Scott Berry:

Scott Berry is serving our members as an Operations Manager/Training Specialist, and he specializes in domestic water distribution. Scott first came to OAWU in 2002 as our Training Specialist, he served in that position for 2 years. He has a background in surveying and engineering and has also filled the role of Manager for a rural water utility covering 165 square miles. Scott has also owned and operated an excavation contracting company that specialized in installation and repair of domestic water infrastructure. He has over 20 years of experience with Water and Wastewater systems.

In 2006 Scott went overseas to provide support to our troops by operating, troubleshooting, and providing training for water treatment plants in Iraq. Upon his return, he once again joined the OAWU family as a Circuit Rider and has been a valuable asset in helping to expand OAWU's services.

Tim Tice:

Tim Tice was born in 1963, he has been married to his lovely wife since 1989. He has two sons who are teaching him all over again. Tim spent 15 years in the hazardous materials /waste industry prior to being employed with OAWU in October 2000 as the solid waste circuit rider.

Currently Tim manages the Projects Management Services Division. The division of OAWU assists water/wastewater systems with behind the scenes projects such as safety and health compliance, rate studies, waiver report writing plus other items that systems do not have time to complete. Tim encourages a look at life with a sense of humor, laughter and fun. Tim enjoys a good game of cribbage.
