OESAC/CEU Committee

PO Box 577 Canby OR 97013-0577

Dear OESAC CEU Committee:

Please consider this correspondence a request for CEU evaluation for the PNWS-AWWA Cascade to Coast Subsection OHA Regulatory Update training with Nicholas Alviani from OHA. This is a one-hour training at Roaring Rapids Pizza in Eugene on December 3, 2025, 12:30-1:30 pm. This training will go over updates on drinking water rules and regulations and any changes in requirements for water systems. The Cascade to Coast Subsection is the sponsor of the training.

I am doing administrative work for the committee this year. Payment of \$75 for the evaluation fee for 0.1 CEUs for the training will be submitted online.

Each participant will sign in at the beginning of the meeting. Their certificate will include the following information: Training Title, OESAC number, date and detail 0.1 CEUs earned for Water.

The OESAC CEU Committee and OHA-DWP will be provided with a roster with the participant's name, employer, Oregon Certification Number, type and number of CEUs earned after the completion of the training. A permanent record of individual CEU awards is kept with the Short School files for a minimum of five years.

Please let me know if you need additional information or materials prior to the Committee's meeting. I can be reached by phone or email at the contact information above.

Thank you in advance,

Lisa Erkert
