

# HOT WORK PERMIT

No work involving open flame or hot sparks may be performed in the Digester Area or gas flare building, or in any Confined Space without an Authorized Hot Work Permit. The operation of electrically powered drills and similar tools that do not cast hot sparks within the normally occupied areas at these locations is exempt.

After any required training, this form may be issued to City personnel, contractors, or others as appropriate.

**Date Permit is Valid** (one day only) \_\_\_\_\_
