SPEAKER CREDENTIALS/BIOGRAPHY (Short paragraph describing background, education, experience, etc.)

Working in the manufacturing sector for much of the time since graduating from the University of Washington with a BSME, and having managed many wastewater projects cradle-to-grave, Bob has had the opportunity to see, touch, and smell a lot of wastewater systems for applications as diverse as small communities to beverage bottling plants. In his current role with Coombs Hopkins, he has the opportunity to work with water and wastewater systems for municipalities and industry, helping to select equipment and processes to assist the operators in accomplishing their important missions.

When Bob is not talking about treating water, he enjoys spending time with his wife, three boys and several animals on his property in Southern Oregon.
