## **Instructor Bio – Matthew Puntney**

Matt Puntney is a Registered Environmental Health Specialist and has worked for Marion County for the past 4 years. He has a degree in Natural Resources Policy with a minor in Fisheries and Wildlife Science. Most of that education pertains to ecology, soil science, and hydrology. Matt graduated from Oregon State University-Cascades and did most of his undergraduate work at North Dakota State University.

Matt has lived in Oregon most of his life, mostly around the Salem area where I grew up and attended high school. I have also lived in Redmond, Bend, Albany, and La Grande, and close to 7 years in Fargo, North Dakota.

My employment history has been mostly customer service based – United/Delta Airlines, retail jobs, and other various positions. I also possess a class A CDL and have plenty of experience with heavy equipment, tractor trailers, small engines, and construction/excavation. My position with the county has been virtually stress-free and enjoyable on about every level.

Kimberlee A Aldrich

Environmental Waste Water Specialist Marion County from September, 2019 to present. Environmental Health Waste Water Specialist for Yamhill County from 2007 to September 2019. Interned with Linn County Environmental Health as a waste water inspector summer of 2005 and 2006, Graduated with a BS in Crop and Soil Science Soil Resource Management Option in 2007 from Oregon State University. Board Member of O2WA, since 2010, President 2012.

## **Instructor Bio – Chris Trussell**

**Chris Trussell has worked for Marion County in the Building Inspection Department for almost 15 years. He started as a Plans Examiner I and now is the County Building Official. Chris has been a key member to the On-site Waster Water program in his previous rolls as Plans Examiner, Building Inspector and Assistant Building Official and is the supervisor for the On-site Wastewater program for the past two years. Chris graduated from Sheridan High with Diploma and Chemeketa Community College with an Associate's Degree in Building Inspection Technology. Chris currently holds 18 Oregon Inspection and Plan Review certifications along with 8 ICC certifications.**
