SPEAKER CREDENTIALS

I attended Western Oregon University from 1988-91. I have been employed in the waterworks industry for 24 years, and have earned a Level 3 Distribution certification and Cross Connection Specialist certification. I have been the DRC for Ice Fountain Water District since August 2005.

Title of Class:

Utility Operations and Management Perspectives.

Description of Class (Brief):

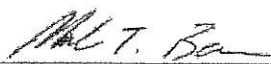

This interactive class will focus on the things every water and wastewater operator should know. Whether brand new to the industry or a veteran of many years that can provide some of your own experiences, we invite you to attend and participate. Topics will include management/leadership styles, working with boards, bosses and the public. What is expected of every water/waste operator from certification requirements/suggestions and goals to developing policies and procedures for your system. Benefits of partnering with organizations such as OAWU, finding a mentor and maintaining a positive attitude to ensure longevity in this industry.

Class Outline if more than 2 hours:

SPEAKER CREDENTIALS (Short paragraph describing background, education, experience, etc.)

I am the President and Chief Engineer of 4B Engineering & Consulting of Salem. Our firm provides full service engineering and consulting services to over 50 water and wastewater systems in Oregon and Washington. I am a Registered Professional Engineer in three disciplines; Civil, Environmental, and Control Systems. I formerly worked for Stettler Supply Company of Salem between 1976-2004 before starting 4B Engineering in 2004. I have been in the water industry since 1974. I am married, the father of two, and grandfather of two. My son, daughter and wife both work with me in our business.

I am currently an OAWU board member and represent the Drinking Water Advisory Committee and the DEQ Blue Ribbon Committee to Review the Wastewater Management Program. Regulations and changes in the water supply industry continue to impact all of us and organizations such as OAWU are critical to insure adequate and full representation for all water purveyors. I am committed to the philosophy of technical assistance, legislative representation, and training that creates the cornerstone of the combined efforts of OAWU staff, members and the Board of Directors.

SPEAKER

Name: Jeff Crowther, OAWU Wastewater Technician

Employer: OAWU

Address:

Phone: 503-837-1212

Email: jcrowther@oawu.net

SPEAKER CREDENTIALS

Jeff began his career in the wastewater field with the City of Albany, working as a temporary employee while attending LBCC and then accepting a full time position after graduation. Jeff operated a small rural North Albany package plant that utilized water reuse on agricultural land for effluent disposal. After two years of operation the package plant influent was routed to the Albany Treatment Plant and the package plant was decommissioned. Jeff then transferred to the City of Albany Environmental Services Department. His duties with Environmental Services (ES) included, writing permits for industrial dischargers, conducting compliance inspections, managed the Biosolids Application program, investigated and responded to spills to the environment, conducted stormwater and compliance sampling, set up and monitored a Hazardous Wastewater and Universal Waste programs for Albany Public Works, provided relief support for the wastewater laboratory, and completed various reports for state regulatory agencies.

After fifteen years with the City of Albany, Jeff took a position with the City of Canby as the Assistant Wastewater Supervisor. His duties at the treatment plant included day to day operation, regulatory reporting, Fats Oils and Grease (FOG) program, and development of the Underground Injection Control (UIC) Program for stormwater disposal. Jeff was promoted to Public Works Supervisor with the City of Canby where his duties included, Streets Maintenance, Fleet Services, Wastewater Collection, and Parks Services. Jeff also was involved in obtaining grants for street improvements and Transportation System Plan (TSP).

Jeff has acted as the interim Wastewater Treatment Plant Manager for the City of Newberg under contract with OAWU and then was hired directly by the City in the same capacity. As of April 2014 Jeff accepted the position of Wastewater Circuit Rider with the Oregon Association of Water Utilities.

adam.desemple@dhsosha.state.or.us

SPEAKER CREDENTIALS

(Short paragraph describing background, education, experience, etc.)

My experience in the Water Industry started around 2002 when I went back to college at Clackamas Community College to obtain my Associate's of Applied Science degree in Water and Environmental Technology. During my studies at C.C.C., I did internships at the South Fork Water Board's conventional treatment facility in Oregon City. After obtaining my degree I went to work for the City of Salem in a temporary role as a Water Quality Technician. After gaining some experience at the City of Salem, I decided to return to college to obtain my Bachelor of Science degree in Business Administration from Concordia University in Portland, Oregon. After finishing my studies at Concordia University, I immediately went to work at Sunrise Water Authority in water distribution. Shortly after beginning my employment with them, I sat and passed the level 1 exams for water distribution and treatment. My goal in the water industry has always been to gain technical knowledge in the field and work my way in to the administrative side of the industry. The experiences I learned in college and out in the field have allowed me to progress in this industry. Here are some other achievements and professional experiences that I have been involved with since 2002:

- AWWA member since 2003
- Pacific NW AWWA subsection scholarship committee member in 2008 (also a recipient in 2003 & 2004)
- Assisted in annual Water Conservation efforts at events for: South Fork Water Board, City of Salem, & Sunrise Water Authority.
- Engineering Technician II for the City of Vancouver in the Development Review Services Department with a focus on civil infrastructure improvements throughout the city and Clark County jurisdictions related to: Water, Sewer, Storm, & Transportation.
- More than 5 years experience in Project Management/Coordination related to civil engineering improvements.
- Future plan is to obtain my Master's of Public Administration degree from PSU.

SPEAKER

Name: Michael Edwards

Employer: City of Bend

Address: 62975 Boyd Acres Road

City/State/Zip: Bend, OR 97701

Phone: 541-317-3050

Email: medwards@bendoregon.gov

SPEAKER CREDENTIALS

Mike Edwards began his career with the City of Bend Public Works Department in August of 1990. He started his career working in the Street Division where he gained experience in various road and street improvement and maintenance techniques. Within a year and a half he was promoted to be the City of Bend's Water and Sewer Locator. As it turned out this career change would be the beginning of his transition into the world of water and wastewater utilities.

In December of 1994 Mike Was encouraged to apply for an Engineering Inspector position, which he dedicated the next 18 ½ years of his career to further perfecting his depth of knowledge in utilities as a whole. While working as an Inspector he would often find himself working shoulder to shoulder with the Utilities Operators on water main breaks, setting up Pressure Reducing Valves, Installation and testing of new water wells, Installation and testing of sewer lift stations and wet wells and much more.

In May of 2011 Mike left the City of Bend to take a position as the Public Works Director for the City of Gold Hill in Southern Oregon. Although his time was short in this position he accomplished a great deal. Mike was responsible for having new wastewater comminutors' installed in the wastewater treatment plant, preparing an independent water and sewer rate survey, reducing the city's I&I issues by up to 25,000 thousand gallons of water per month during the rainy season, making countless repairs and upgrades to the city's water and wastewater lines, and developing and reporting on the city's TMDL requirements for storm water runoff, and much more. In February of 2012 Mike and the City of Gold Hill parted ways which enabled Mike to acquire a Utility Analyst position with the City of Bend. He is now working as Bend's Utility Customer Service Supervisor. This position has allowed Mike to create a new approach to Customer Service based on the "Six Standard Categories of Customer Service".

Employer: Oregon DEQ

Address: 700 NE Multnomah Street, Suite 600. Portland, OR 97232

Phone: 503-229-5257

Email: navarro.jeffrey@deq.state.or.us

SPEAKER CREDENTIALS (Short paragraph describing background, education, experience, etc.)

Jeff Navarro is a Senior Water Quality Program Analyst who works with agency permit writers to issue consistent and defensible permits in the State of Oregon.

Jeff graduated from Western Oregon University in 2005. Before starting with Oregon DEQ in 2016, Jeff worked for 12 years as an environmental, health, and safety leader and a manager for a metals manufacturing facility. After a successful career helping the regulated community meet compliance and sustainability goals, Jeff now works for the State of Oregon on implementation of new and existing policies, processes, and continuous improvement for issuance of wastewater discharge permits.

Jeff enjoys spending time with his family hunting, fishing, and camping in the Pacific Northwest. It rains a lot in Oregon you will not like it.

Laura A. Schroeder
Schroeder Law Offices, PC
1915 NE Cesar E. Chavez Blvd.
Portland, OR 97212
Phone: 503-281-4100
schroeder@water-law.com

SPEAKER CREDENTIALS

Laura A. Schroeder, JD: Represents businesses and municipalities in water right transactions, acquisitions, contracts, easements, dam removal/replacement, well share and water delivery agreements, adjudications, permitting, extensions, transfers, certification, regulatory compliance and litigation before state administrative bodies, State and Federal trial and appellate courts. Laura works on water quality issues related to wetlands compliance and permitting, Endangered Species issues, hydro-power re-licensing, and geothermal permitting/easements. The firm also represents various municipalities and quasi-municipal organizations (water management organizations or "WMO") on issues involving general municipal law and municipal water law specifically related to the acquisition of additional water rights through water transfers, water supply rates, extraterritorial water deliveries, and water delivery agreements including negotiating to obtain contract storage in Bureau of Reclamation facilities. Laura has extensive experience working the Bureau of Reclamation on behalf of her irrigation district clients in contract negotiations and title transfers. Laura's work also involves negotiations and disputes with the Bureau of Land Management and Forest Service regarding ditch, pipeline, and road easements across public lands.

As an international consultant, Laura provides international water law experience to those countries developing decentralized, sustainable water use; and wastewater licensing and permitting by drafting and amending water codes and water policy. Working internationally on both domestic and agricultural water quantity, quality and pricing issues; Laura's background is particularly well suited to offer solutions in water user, water use, and transboundary conflicts.

Laura is a member of the Oregon State Bar, the Idaho State Bar, the State Bar of Nevada the Washington State Bar, United States District Court for Idaho, United States District Court for Oregon, United States District Court for Nevada, United States District Court of the Western District of Washington, United States District Court of the Eastern District of Washington, United States Court of Appeals for the Ninth Circuit and the United States Supreme Court.

Community service to the water sector continues in importance to Laura who serves on the Board of Directors for United States Committee on Irrigation and Drainage (USCID). Along with her firm, Laura acts as general counsel the Oregon Ground Water Association (OGWA), Washington State Ground Water Association (WSGWA), and the Nevada Cattlemen's Association (NCA). She regularly provides free, water related, educational seminars for Water for Life (WFL), the Oregon Water Coalition (OWC), the Oregon Association of Water Utilities (OAWU), the OGWA, and the Nevada Rural Water Association (NvRWA).
