

"pH, Chlorine, Turbidity, Solids Analyses – Best Practices" Online Workshop

November 16, 2020

Live Online

Agenda

Instructor: Erika Schwender

Time	Material Covered
09:00 AM	Welcome & Intro to Workshop
	pH - meter calibration & QC
	pH – documentation
	Chlorine - meter calibration & QC
	Chlorine – documentation
	Turbidity – meter calibration & QC
	Turbidity – documentation
10:30 – 10:45	Break
	Total Suspended Solids / Total Volatile Suspended Solids
	Total Solids / Total Volatile Solids
	Total Dissolve Solids
	Settleable Solids
12:15 PM	Adjourn
