

2021 Eastern Oregon Operators Conference

Method of tracking attendance:

We verify that attendees are actively participating two ways.

1. Attendees must participate in roll call. Roll call is done by class moderator at the beginning of each hour's session thru the conference app's chat feature; AND
2. Answer polling questions each hour. Questions are developed by the presenter and pertain to the topic being presented. Polling question randomly flashes on the screen and the attendee **must** answer it to receive credit for attending that hour. We ask presenters for two polling questions per hour or presentation; they are flashed across the screen generally halfway through the session and at the end of the session. Each attendee has a unique sign-on to access the virtual conference. Their polling responses are tied to their unique sign-on and a report is generated at the end of the conference.

To be awarded CEUs, attendee must participate in both roll call and polling questions.
