- Thursday, April 15 Agenda, Speakers, Topics and Descriptions

Though this is our first virtual event for this specific class, this will be the fifth large meeting or conference we have conducted since March 2020.

Our meeting will be through Zoom and we have different "breakout" rooms for each of the tracks. Each breakout room has a room monitor that will be taking a class count at the beginning and ending of each session and will use their registration rosters to ensure attendance for each student.

The rosters will be emailed to me so we can create the report of CEU's earned by each student.

Thank you for your new platform for applying for CEU's; having the ability to apply and pay online is just awesome!

If you have any questions, please feel free to reach out to me at any of the numbers listed below.
