

2021 Southern Oregon Subsection Short School

This will be a virtual event held September 21-23, 2021 and hosted by Whova.com. There will be both pre-recorded videos and “live” Zoom presentations. Each course will be monitored by a subsection member, and there will be random virtual polls during each course that attendees must answer to prove they are there and paying attention to receive credit for the course.

In addition, there will be Sponsor and Exhibitor “rooms” that attendees must visit and participate in to be included in raffle prizes and such.
