

"Lessons learned from historic water & wastewater treatment" Live Online Workshop

Water and wastewater conveyance and treatment goes back as far as 1500 BC. What do we have in common with these ancient systems? How do these principles apply to today's water and wastewater treatment? What can we learn from this historic knowledge?

During this workshop we will explore:

- similarities and differences of historic and current collections & distribution systems
- historic water and wastewater treatment principles and how they compare to today's treatment approaches
- historic, current, and emerging concerns in water & wastewater treatment

Where: Live online

Date: October 27, 2021

Time: 12:00 pm to 3:15 pm PST

Instructor: [Beth Read](#)

Fee: \$100

CEUs: Wastewater & Drinking Water CEUs (WA, OR, & NM)

WA Dept. of Health / WA Certification Services Course ID: Meets Criteria for Drinking Water Operators CEU requirements, 0.3 CEUs requested

WA Dept. of Ecology Course ID: Meets Criteria for WA Wastewater Treatment Plant Operators CEU requirements, 0.3 CEUs requested

NMED UOCP: 3.0 Training Credits approved

OR OESAC ID: Meets Criteria for OR OESAC Wastewater Treatment Plant & Drinking Water Operators CEU requirements, 0.3 CEUs requested

Registration: online: www.pro-train.org; phone: (360) 490-2426; email: erika@pro-train.org
