<b>Other Biographical Information (Interests, Hobbies, etc.)</b>		
As a pretreatment specialist, I find I am working even when I am off. I am always looking out for new businesses, locating the GGI on new FSEs, and peeking into kitchens for signs of overflowing HGIs when I go out to eat. When I am not working, I am usually home tending to my fur and feather housemates or escaping to Westport for ocean air. In October I plan on taking my niece and nephew to New Orleans where I will introduce them to great food and music.
