

Pacific Northwest Pretreatment Workshop
September 9-11, 2019

Presentation and Biographical Information

Presentation and Speaker biographical information will be used by the Conference Planning Committee to apply for conference Continuing Educational Units (CEU) certification. Biographical information may also be used during speaker introductions. Presentation information will be printed in advertising materials and agendas. Please e-mail this information to **Andria Swann** at (andrias@sumnerwa.gov) on or before **July 30, 2021**. If you have any questions, you may contact your PNPW sponsor.

Presentation Title	Local Limits Submittal Packages	
Presentation Description (Short abstract to be used for CEU application)	The basis for initial and updated local limits is typically provided in a 'submittal package' which is provided for review by the POTW's Approval Authority, contributing jurisdictions, and legal advisors. This presentation reviews the content POTWs would want to include in such submittal packages to defend local limits based on: 1) allocation of available loadings 2) meeting prohibitions, 3) minimum treatment technology, and 4) applicable BMPs.	
Name & Title	David J. Knight, Environmental Engineer	
Employer	Washington State Dept of Ecology	
Address	300 Desmond Drive, Lacey WA 98503	
Phone & Fax	360-564-999-3589
