

**Claudio H. Ternieden**  
**Senior Director,**  
**Government Affairs and Strategic Partnerships**  
**Water Environment Federation**  
**Alexandria, Virginia**

Claudio is the Senior Director for Government Affairs at WEF and directs WEF's legislative and regulatory efforts in Washington, DC with both Congress and federal agencies and works to represent water professionals in our nation's capital. Before coming to WEF, Claudio worked with Concurrent Technologies Corporation (CTC), a Department of Defense technologies innovator and integrator, and before that with the Water Environment Research Foundation (WERF) (now The Water Research Foundation) helping lead innovative research in infrastructure, disinfection, wet weather management, emerging contaminants, stormwater, climate adaptation, resilience, water reuse and decentralized systems. Claudio has also worked with the American Association of Airport Executives (AAAE) where he worked in regulatory and legislative issues associated with environmental management at airports. Previously, he worked with the US EPA in Washington, DC and helped in the development of numerous federal regulations. Before the US EPA, Claudio worked with the State of Indiana Department of Environmental Management (IDEM) supporting the implementation of the State's Great Lakes Water Quality Standards in NPDES permits, the pretreatment program, operators' certification program and the implementation of the drinking water capacity development program. Before working for the State of Indiana, Claudio directed the City of Elkhart, IN pretreatment enforcement program. Claudio also worked with the US Attorney's Office Major Crimes Division in New York City, NY, and the Hudson River Keepers in White Plains, NY. Claudio has a law degree from Pace University School of Law (White Plains, NY), a Master Degree in Public Policy from George Mason University (Arlington, VA), and a BA from Concordia College (Bronxville, NY).
