

Ed Stearns, EIT

Ed Stearns, EIT, is an Applications Engineer with Orenco Systems®, Inc., a wastewater equipment manufacturing firm based in Sutherlin, Oregon. In this role, he provides engineering assistance and customer support to designers and engineers of commercial wastewater systems in the eastern half of the United States and Canada. Ed came to Orenco in 2015 and focuses on designing treatment systems for high-strength waste and nutrient reduction, as well as systems for large subdivisions.

Ed holds a Bachelor of Science degree in biological engineering from Oregon State University. In his spare time, he enjoys good literature and sampling craft beers.
