Address: 1185 Tucker Road

City/State/Zip: Hood River, OR 97031

Phone: 541-386-4299

Email: ifwater@hrecn.net

SPEAKER CREDENTIALS

I attended Western Oregon University from 1988-91. I have been employed in the waterworks industry for 24 years, and have earned a Level 3 Distribution certification and Cross Connection Specialist certification. I have been the DRC for Ice Fountain Water District since August 2005.

Title of Class:

Utility Operations and Management Perspectives.

Description of Class (Brief):

This interactive class will focus on the things every water and wastewater operator should know. Whether brand new to the industry or a veteran of many years that can provide some of your own experiences, we invite you to attend and participate. Topics will include management/leadership styles, working with boards, bosses and the public. What is expected of every water/waste operator from certification requirements/suggestions and goals to developing policies and procedures for your system. Benefits of partnering with organizations such as OAWU, finding a mentor and maintaining a positive attitude to ensure longevity in this industry.

Class Outline if more than 2 hours:

Intro:

- Hour 1
- Hour 2
- Hour 3

Speaker Bio

Tom Bruns
Vice President – Strategic Initiatives
120Water

Mr. Bruns has 46 years of public and private sector experience in the water sector, and currently serves as the Vice President of Strategic Initiatives for 120Water, an Indiana based technology company that has been a key partner with utilities and government agencies across the country in applying technology to current drinking water compliance issues.

Bruns retired from Aqua Indiana as its state president in December 2019 after 16 years with the utility and was responsible for managing the Company's water and wastewater operations throughout Indiana.

Prior to joining Aqua in 2004, Bruns served as Vice President of Business Development at Indianapolis Water Company, responsible for record expansion of customer base and regional service territory in the late 1990's.

From 1974 to 1989, he held various positions with the Indiana Department of Natural Resources and served as its Deputy Director for Water and Mineral Resources from 1986 to 1989.

He holds a bachelor's degree in Geology from Ball State University and a masters from Indiana University.

In September 2019 Bruns was named a Sagamore of the Wabash by Indiana Governor Eric Holcomb in recognition of his career contributions to water resources management and utility excellence in Indiana.

Name: Steve Causseaux

Employer: CIMCO – GC Systems

Address: 2315 Inter Avenue

City/State/Zip: Puyallup, WA 98372

Phone: 253-845-4050

Email: steve@cimcosales.com

SPEAKER CREDENTIALS

(Short paragraph describing background, education, experience, etc.)

A native to the Pacific Northwest United States, Steve has spent the past 13 years working in water management for irrigation, waterworks, and construction projects. As an environmental consultant for 4 years in the Arizona deserts, he worked with most major home builders during the housing boom of 2003-2008 to control sediment, pollutants, and erosion which lead to contamination of desert waterways and ground water during construction. As a current consultant with CIMCO, an independent representative firm in the Pacific Northwest and Canada, Steve continues to source conservation innovations for water distribution and irrigation. Over time, Steve has noticed a perception that control valves are very complicated. This is not the case. His introductory training will help operators understand the basics with the hope (as they continue their training) that they will become comfortable managing control valves on a daily basis. Steve resides in Vancouver, WA and especially loves the rainy winters in the Pacific Northwest where he enjoys navigating the raging rivers, creeks, and waterfalls in his kayak.

SPEAKER

Name: Michael Edwards

Employer: City of Bend

Address: 62975 Boyd Acres Road

City/State/Zip: Bend, OR 97701

Phone: 541-317-3050

Email: medwards@bendoregon.gov

SPEAKER CREDENTIALS

Mike Edwards began his career with the City of Bend Public Works Department in August of 1990. He started his career working in the Street Division where he gained experience in various road and street improvement and maintenance techniques. Within a year and a half he was promoted to be the City of Bend's Water and Sewer Locator. As it turned out this career change would be the beginning of his transition into the world of water and wastewater utilities.

In December of 1994 Mike Was encouraged to apply for an Engineering Inspector position, which he dedicated the next 18 ½ years of his career to further perfecting his depth of knowledge in utilities as a whole. While working as an Inspector he would often find himself working shoulder to shoulder with the Utilities Operators on water main breaks, setting up Pressure Reducing Valves, Installation and testing of new water wells, Installation and testing of sewer lift stations and wet wells and much more.

In May of 2011 Mike left the City of Bend to take a position as the Public Works Director for the City of Gold Hill in Southern Oregon. Although his time was short in this position he accomplished a great deal. Mike was responsible for having new wastewater comminutors' installed in the wastewater treatment plant, preparing an independent water and sewer rate survey, reducing the city's I&I issues by up to 25,000 thousand gallons of water per month during the rainy season, making countless repairs and upgrades to the city's water and wastewater lines, and developing and reporting on the city's TMDL requirements for storm water runoff, and much more. In February of 2012 Mike and the City of Gold Hill parted ways which enabled Mike to acquire a Utility Analyst position with the City of Bend. He is now working as Bend's Utility Customer Service Supervisor. This position has allowed Mike to create a new approach to Customer Service based on the "Six Standard Categories of Customer Service".

BIOGRAPHY

Regional Manager with Blue-White for 5 years, providing peristaltic and diaphragm pumps for chemical feed applications. Prior experience with Penn Valley Pump and Met-Pro Corp providing pump solutions for sludge pumping, chemical transfer, filtration, and odor control. 25 + years experience with pumps, filters, and equipment design. B.S. Mechanical Engineering from UCLA.

TOPIC TITLE

Operation and Maintenance of Peristaltic and Diaphragm Chemical Feed Pumps

TOPIC ABSTRACT

Need help deciding what chemical feed pump technology to use for your application? We will focus on the specific operational functions of both peristaltic pumps and diaphragm pumps relating to system parameters such as chemical, flows, pressures, and required ancillary equipment. A focus on specific applications relating water feeds and wastewater feeds will be discussed. A demonstration of parts replacement and identification will be covered.

Employer: City of Lake Oswego

Address: 17601 Pilkington Rd. Lake Oswego OR. 97035

Phone: 503-534-5674

Email: csmith@ci.oswego.or.us

SPEAKER CREDENTIALS (Short paragraph describing background, education, experience, etc.)

I have been an employee with the city of Lake Oswego water department for 10 years. I am a senior utility worker and the cross connection specialist for the city. Prior to working for the city I spent 16 years with a private excavation company installing new water mains, storm and sanitary lines. In my time on the private side I worked my way up from the bottom as laborer, pipe layer, and eventually supervisor for the last 7 years with the company.

Name: Amber Wagner

Employer: Aegion

Address: 19165 SW 119th Ave. Tualatin, OR 97062

Phone: 206-225-1371

Email: awagner@aegion.com

SPEAKER CREDENTIALS/BIOGRAPHY (Short paragraph describing background, education, experience, etc.)

Amber Wagner, PhD, PE, has worked with Insituform and Aegion for 10 years and is currently the Business Development Manager for Oregon and Washington. Over her career, Amber has continuously worked on developing the in-house technical ability for rehabilitation of pipelines using fiber reinforced polymers (FRP) and glass reinforced cured-in-place piping (CIPP) systems. Currently, Amber is an active member of the AWWA Committee developing the FRP and CIPP design guidelines to rehabilitate pressure pipelines. She graduated from University of California, Irvine with a B.S. and M.S. in Civil Engineering and a Ph.D. in Structural Engineering. Her doctoral work included determining the failure mechanisms of underground man-made caverns in the province of Longyou, China.

Employer: **Enviro Tech, An Arxada Company**
Address: **500 Winmoore Way**
City/State/Zip: **Modesto, CA 95358**
Phone: **(209) 581-9576**
Email: **jnwilson@envirotech.com**

SPEAKER CREDENTIALS

(Short paragraph describing background, education, experience, etc.)

·With a bachelor's in Biochemistry from Eastern Michigan University, Jacquelyn manages municipal market applications of peracetic acid (PAA) for wastewater treatment throughout the US directly and with the support of wastewater distributors. Jacquelyn has worked to expand the use of PAA as an alternative disinfection technology for the last seven years by: aiding in the creation of informative literature and papers based on extensive research and development; supporting municipalities in their conversion to PAA from bench scale testing to trial, all the way through full-scale application and permanent installation of chemical storage and feed systems; and interfacing with state regulatory agencies in order to further develop the municipal market and support customers in permitted approved use of PAA.

Name: GARRETT YATES

Employer: BACKFLOW MANAGEMENT INC.

Address: 17752 NE SAN RAFAEL STREET

City/State/Zip: PORTLAND, OR 97230

Phone: (503) 255-1619

Email: BMI@BMIBACKFLOW.COM

SPEAKER CREDENTIALS

(Short paragraph describing background, education, experience, etc.)

Garrett Yates has worked with BMI since 1993 and with BMI clients throughout the Pacific Northwest in implementing and maintaining their cross connection control programs. He is a State-certified Backflow Assembly Tester and Cross Connection Specialist in Oregon and Washington, as well as an approved instructor. Garrett is also certificated as an ABPA Tester and Proctor. Additionally, Garrett assisted in preparing and conducting one, two and three day training sessions throughout the Pacific Northwest and California.

Garrett has delivered educational training at seminars and conferences for Rural Water Associations in Washington, Oregon and Idaho and he attends ongoing training and seminars on a local and national basis. Garrett keeps his field experiences current by providing backflow assembly testing services, conducting field surveys, and managing several cross connection control programs of all sizes for BMI clients.

Garrett served as President of the Oregon Chapter of the American Backflow Prevention Association from 2001 to 2002.

SPEAKER

Name: Matt Zellers

Employer: Mueller Systems

Address:

Phone: 503-310-5993

Email: mzellers@muellerwp.com

SPEAKER CREDENTIALS (Short paragraph describing background, education, experience, etc.)

Matt is the Territory Manager for Mueller Systems, and covers the Pacific Northwest. He is focused on working with CSCO to sell and support water meters, AMR, and AMI systems to local municipalities and cities. Matt works directly for Mueller Systems, and has constant communication with the manufacturing plant, project management, and Customer Care to ensure CSCO and their customers' meters needs are satisfied.

He works closely with distributors and utilities to find the correct water meters, meter reading system, and water distribution management technologies for each unique utility. Matt lives in Portland, OR, has BS in Mechanical Engineering for Penn State, and has been in technical sales for 10+ years.
